HUNS WILL TREAT PRISONERS BETTER

EMPHATIC DEMAND OF ENGLAND HAS EFFECT ON GERMAN GOVERNMENT.

(By the Associated Press)
AMSTERDAM, Nov. 30.—In response to a threat of the British armistice commission that hostilities would be renewed unless the conditions under which prisoners were arriving in allied lines was remedied, a Berlin telegram declares that everything was being done by Germany to assure early return of the prisoners. The German response adds that the regular transport of returning prisoners is now assured and that such transports have already been effected to a considerable extent.

LIEUT. ROLAND D. TEICHMAN
Lieutenant Roland D. Teichman has been at Ada since the unit was organized October 1st. He is very popular with the men and always encourages not alone the military work but every kind of athletics, amusements and academic work as well. He was born in St. Louis, Mo., and raised in Chicago. He received his academic and military instruction at the University of Missouri and at the officers training school, Fort Sheridan, Illinois. He received his commission September 15th, 1918. It is not known where he will go from here but wherever he goes he carries the best wishes of everyone at East Central.

WILSON WILL HEAD PEACE DELEGATION

WASHINGTON, Nov. 30.—The representatives of the United States at the peace conference will be: President Wilson, Robert Lansing, secretary of state, Henry White, former ambassador to France and Italy, E. M. House, General Tasker H. Bliss, representative of the American army with the supreme war council at Versailles.

This announcement was made today at the White House. In the absence of any official explanation it was assumed that the president goes as president of the United States, and that Secretary Lansing, Colonel House and Mr. White and possibly also General Bliss will be delegates with ambassadorial rank.

KAISER SIGNS ABDICATION

FORMALLY RENOUNCES ALL CLAIM TO PRUSSIAN AND GERMAN THRONES.

(By the Associated Press)
AMSTERDAM, Nov. 30.—William Hohenzollern has definitely renounced all future rights to the crowns of Prussia and Germany and has released all officials and officers from their oaths of fealty, according to the text of a document signed by the former emperor which is quoted in a telegram received here from Berlin. William hopes for the best.

LONDON, Nov. 30.—Former Emperor William signed his abdication at Amersfoort, Holland, yesterday, according to a dispatch to the Wolff bureau of Berlin, transmitted by the Exchange telegraph correspondent at Copenhagen.

The abdication decree according to the message, expressed the hope that "the new regent" would be able to protect the German people against anarchy, starvation and foreign supremacy. Use of the word "regent" in the message is commented upon here as possibly significant.

Von Hintze Obtained Abdication
WASHINGTON, Nov. 30.—State department advices from the Hague today reported that Admiral Von Hintze, former head of the German navy, was in Holland to obtain from the former emperor a formal proclamation of his abdication.

Mr. Arthur Middleton, Bass-Baritone, appearing here December 6, Normal Auditorium, Auspices High School.

Modest almost to the point of shyness, always considerate of the "other fellow" and possessed of a keen sense of humor, Mr. Middleton lacks all the "up State" qualities associated with the opera singer. As someone looking at Mr. Middleton's picture remarked, "Why he can't be a musical artist, he looks so dignified and substantial—just like a Senator."

Give Mr. Middleton some bait and a line and a place where the fish are biting, and you will not find a more happy individual than the famous Baritone. Triumphs of the footlights and the concert stage all fade into oblivion during the long summer days and the triumph of landing a bouncing six-pounder on the end of his line is a most thrilling and vital matter.

The Community Singers Ticket admits you to three entertainments such as you rarely get outside the larger cities and the price of the ticket is only \$2.00. 1t

RADICALS HOLD ALL TELEGRAPHS

GERMAN GOVERNMENT WARNS WORLD AGAINST NEWS SENT OUT OF COUNTRY.

(By the Associated Press)
BERLIN, Nov. 30.—The group of Independent Social Democrats closely identified with the Spartacus element of Doctor Liebknecht, has seized control of all wireless stations in Germany and now is transmitting news and propaganda, the Berlin Tageblatt says it is informed. Chancellor Ebert and Hugo Haase on behalf of the government, the newspaper adds, warn the press at home and abroad of this condition and declare further that the government will not assume responsibility for wireless information now being sent out of Germany.

FIRST LIEUT. RAY GARDNER

Lieut. Gardner is commander of the Ada unit of the S. A. T. C. His is the typical varied experience of a soldier in the army of the United States. He entered the service as a private at Des Moines, Iowa, in August, 1917. He was first sent to Fort Logan, Colo., and later in that month transferred to the second officers training camp at Fort Snelling Minn. Just a year ago he was commissioned a second lieutenant and transferred to Fort Benjamin Harrison, Indiana, where he served with the 10th Infantry until April 4, 1918, and later was stationed at Rock Island, Ill. In August of this year he was sent as an instructor at Fort Sheridan, where he remained until September 25th. He was then made commander of Co. F, at the University of California, but after four days of service there was ordered to Ada as commander of the post. With this wide experience it is not surprising that he has made the Ada unit one of the best in the country. The Students Army Training Corps at Ada has been a great success and Lieutenant Gardner when he leaves will carry with him the best wishes and friendship not only of the faculty and students of East Central but of the entire citizenship of Ada as well.

VILLA THREATENS MEXICAN BORDER

(By the Associated Press)
EL PASO, Tex., Nov. 30.—Juarez is apparently cut off from the interior of Mexico and rebel bands under Francisco Villa and other leaders are reported at various points within striking distance of the town. Military officials in Juarez are still with out information concerning the result of the rebel attack on Villa Ahumada, eighty miles to the south, which occurred early Sunday morning.

GLASS SET ON DISPLAY IN MODEL WINDOW

The cut glass set to be given as a prize for the best slogan for the city of Ada is on display in the window of The Model. It consists of a large cut glass vase about two feet high and a magnificent water set. It will be an elegant set of glassware to be displayed in any home, and the winner of this contest will have just cause to rejoice.

Bringing such talent as Arthur Middleton and Lucy Gates to the town is one of the very best advertisements the town can have? It puts it in line of interest for the very best class of citizenship. Ada is going to grow by drawing its increase from the outside. The best class people is attracted by such enterprise. It is worth five times what it costs to the town. 1t

Buying Community Singers Course tickets is in line with the patriotic idea of making Ada a suitable place for the "boys" to come back to. 1t

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures
Due to Exposure and Hard Work

Catarh in Some of It's Many Forms
Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and catarh it is invaluable. Its use is indicated in all cases of catarh inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body.

Mr. W. J. Temple of 300 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for five years without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man. Formerly, I could not do a day's work. Now, farm work does not fatigue me in the least. Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for catarh and colds."

Peruna is sold everywhere. You may buy it in either liquid or tablet form. Ask for Dr. Hartman's Well Known Peruna Tonic and if you are seeking health take nothing else. Insist upon Peruna. If you are sick and suffering, write The Peruna Company, Dept. 77, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

Premier Lloyd-George is out with a statement that Germany must pay for the wanton destruction carried out by her troops to the full extent of her ability. Not only that, but the men responsible for the devastation must answer for it and those guilty of mistreating prisoners of war will be called to account. All well and good. The civilized world will stand behind these demands and applaud when punishment is handed out to those arrogant Hun officers for their inhuman crimes. They violated every principle of international law as well as humanity and should pay the full penalty. The people who lost everything through the fendishness of the Huns should by every principle of justice be indemnified as far as possible. The German idea was to leave these people in such a plight that when the war was over they would be unable to compete with Germany in the race for the world's commerce, but such a sum should be levied against the Germans that they will have plenty to do to pay the bill.

There are many things we can do to help our country. Don't fail to invest your savings in War Savings Stamps.

The above premium list is somewhat indicative of the spirit of the purebred breeders of livestock of Pontotoc county. Under ordinary times, such weather as they experienced during the days of this show, would have bluffed out those exhibitors who lived close by. Breeders who lived out as far as 15 to 20 miles were well represented. Entries of stock were made from early Monday morning until 1 p. m. Wednesday.

Many of the farmers of Pontotoc county have realized that permanent agriculture and a productive soil is in proportion to the number and quality of live stock found on the farms.

Those who doubt that the members of the Improved Breeders' Association are not doing things that will put Pontotoc county in a foremost place, should attend their meetings. When this body of men make plans for a livestock show, it will take something more than the weather man to displace it.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body.

Th's done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. The kidneys and digestive organs are the main causes. The kidneys filter and purify the blood. All the blood passes through your kidneys once every three minutes. They strain or filter out the impurities. That is their work. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules at intervals and you will always be in perfect working order. You will feel strong and vigorous. Nerves and muscles will be elastic, and your race will radiate youth and health. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are not a patent medicine, but a guaranteed remedy which has been used by the sturdy Dutch for over 200 years and which has helped them to develop into one of the strongest and healthiest races in the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

VETERANS WILL MEET SUNDAY AFTERNOON.

The Confederate Veterans will hold their regular monthly meeting Sunday afternoon at 2:30 at the city hall. A cordial invitation to the public to attend.

When the kidneys are ailing, use Prickly Ash Bitters. It is a fine kidney tonic. Relieves backache, bladder troubles, indigestion and constipation. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents.

GERMANY ASKS FOR BREAD.

Germany calls for bread.—News Item

Let her call to the sea for the buried grain.

That lies 'neath the ocean wave. Let her call on the seas to render up Those ships from their watery grave.

Let her call to the ruined fields of France, To the blackened Belgium's plain, That the harvest reap, by the fires swept That they'll be restored again.

Let her call to the graves of the murdered host, To restore to life once more, The countless dead in their spring-time youth. That they shout and sing as of yore.

But, let her call not the desolate ones, Her victims of greed and hate, To forget the past with its hell and shame, Their sorrow and grief to abate.

Then; then let her speak of her broken faith, One word of her bitter shame— Let Germany tell to the world the truth, And own to her own true name.

Let her plead at the bar of human right, The plea that's patently plain— That the crime of the war was her's alone, And her God was the god of gain.

That she take to herself the grief and pain, The anguish the fear and dread— And humble her hypocrite head in dust As she cravenly pleads for bread.

The spirit of the new birth is just as truly applicable to municipal life as it is to individual life. "Ye must be born again"—in its application to the individual means new purposes, new ideals and a broader conception of duty and service; in its application to a town's life means this same spirit working through the individual and bringing about in the life of the town a unity of purpose and aim and a full realization that after all we are our brother's keeper. In the life of this city, the hour has struck—an hour teeming with splendid opportunities but an hour bringing its added obligations and responsibilities. It is a matter of attitude upon our part as to whether we shall reap the full benefit of every phase of reconstruction that will follow in the wake of the satisfied and reap the result that comes to those divided among themselves. Let the Ada bunch stick together and pull, pull for more and bigger commercial enterprises, better schools and churches, better streets, a Carnegie library, a Federal building and a court house. These things will be realized. How soon depends upon how well organized and united in purpose we are. The organized effort in this town as in every town where things are done is found in a live energetic Chamber of Commerce, backed financially and morally by every citizen in the town. We must have just that backing in Ada. We can't be satisfied with anything short of it. The drive plan for December 9, 10 and 11 is for the sole purpose of enlisting every man and woman who believe in Ada. Instead of a membership of 125 the town needs 250 and must have that number to carry out the first year's program. Let the Ada bunch believe in each other and pull. If for any reason you can't pull push. The first number on our program is a 250 enrollment for our Chamber of Commerce and \$6000 at their disposal. Let's put it over. J. E. HICKMAN.

The value of real true Christian religion. Counts naught to some poor deluded heart. And you may as well try to convert the pig. As to seek to convince a fool "Dying is a fine art." So to intelligence is directed our earnest appeal: Whether or not it will be of any avail. And may heaven be a witness and fix the seal— We will pay for our failures without fail.

THE INFLUENZA (BY IGNATIUS BRENNAN)

If we could find this cursed germ, that breeds this "influenza" We'd treat it as we would the worm, but with more rabid frenzy. We'd show no quarter, not a bit, to this that comes to vex us— Just land one well directed hit, plunk on the solar-plexus. We'd put it in the screw and rack, until 'twould fairly spurn us, Then go flop it over on its back, and lam it in the furnace.

Jevver have it? Lawsey me! Well you are sure in clover, For when the darn thing hits you, Gee! It hits you bing all over. It hit me in the bellows first; then landed on my gizzard. When chock-a-block with wiener-worst, to guard against the blizzard. Next, in the berry; now in the neck; then, right and left propeller. Shot up and down my spine, by heck, then landed on my smeller.

My eyes gushed, I am here to vow, like when I peeled raw onions; My trilbys pained as if I'd now new crops of corns and bunions. My liver did a song and dance to tunes of drunken sirens; My loins, with and without a chance, tore out from their environs. The doctor came; prescribed for me, salts, quinine and cascara. To sooth my bones in some degree, and cool their boiling marrow.

What else was in his formula, I never stopped to question; But it would cure, I'm here to say, the acutest indigestion. The germs that bent my battle-line, alike the Soisson's salient. Retreated, Hun-like, toward the Rhine, before a foe so valiant. I took that medicine, I say, as loyal as a sentry; But should the "Flu" e'er come this way, again, I'm not an entry.

They call it "Flu." I wish it had; had "few" off some direction, I know I'll ne'er feel prone to sad; I miss its inspection. Germ! In the singular! Nay! Nay! They come in droves and cargoes— By freight trains, and, I'm sad to say, by Adams and Wells-Fargos. So, if they hit, where'er you be, at desk or bench or harrow, Go right to bed; gulp manfully: Salts, Quinine and Cascara.

It is extremely seldom that a picture causes anything like the amount of talk that has been evoked by the William Fox photoplay "Why America Will Win," that is nearing the end of its run at the Liberty Theatre. This picture that tells the life story of General Pershing, is immensely important and at the same time one of the most thrilling and entertaining plays that has ever been presented on the screen. It is talked about everywhere and every one should realize that it is not to be missed.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

NC-130

with the setting, a few words about it will not be amiss.
About three years ago this setting was sung for the first time in the John Ericsson Public School in Brooklyn, and at once attracted attention. It was composed by James J. McCabe, a district superintendent of schools, a native New Yorker, well known as a musician with broad experience as organist, composer, choral director and community song leader.

The new air was soon in use in schools, Sunday schools and churches in and about New York, and was sent to other parts of the country. Among those using it were prominent members of the Daughters of the American Revolution, and by musicians in various sections of the country. As a result the new air is now used in some parts of the Far East. It has been played by the United States Marine Band at concerts at Washington by bands in New York City parks, and in many other cities.

When the Hon. James W. Gerard heard the new tune sung by a large audience gathered to hear him speak of his experiences in Germany, he complimented the composer, upon the simplicity and the fitness of the melody and said that, "It was ridiculous to sing our fine words to the tune of the Prussian national anthem, 'Heil dir im Siegerkranz.'"

Nearly a million free copies have been sent out by the composer.

Defending Two Flags.

It is a strange thing that the ancestors of General John J. Pershing, the commander of the American army in France, defended the flag of France, and that his father defended that of the United States. Now the scion of this house that will forever hereafter be noted in history, is fighting for the preservation of both flags in the country of one and with an army that came from the other. The researches that were made by William Fox, who has filmed the photoplay, "Why America Will Win," that deals with the life of General Pershing, has brought out this curious truth.

The fact that John F. Pershing risked his life in a very real manner for the flag of his country was not generally known. Early in the Civil War, Laclede, Missouri, was a hotbed of Southern sentiment, but in front of the Pershing home the flag of the United States continued to fly. Some neighbors resented it and determined to take it down. The elder Pershing announced that it would not be touched and he barricaded his home and fought off the invaders. "Why America Will Win" will be seen at the Liberty Theater Monday and Tuesday.

KEPT PLEDGE TO SEND BREAD

American Nation Maintained Allied Loaf Through Self-Denial at Home Table.

AVERTED EUROPEAN DESPAIR

With Military Demands Upon Ocean Shipping Relieved, World is Able to Return to Normal White Wheat Bread.

Since the advent of the latest wheat crop the only limitation upon American exports to Europe has been the shortage of shipping. Between July 1 and October 10 we shipped 65,980,303 bushels. If this rate should continue until the end of the fiscal year we will have furnished the Allies with more than 237,500,000 bushels of wheat and flour in terms of wheat.

The result of increased production and conservation efforts in the United States has been that with the cessation of hostilities we are able to return to a normal wheat diet. Supplies that have accumulated in Australia, Argentina and other hitherto inaccessible markets may be tapped by ships released from transport service, and European demand for American wheat probably will not exceed our normal surplus. There is wheat enough available to have a white loaf at the common table.

But last year the tale was different. Only by the greatest possible saving and sacrifice were we able to keep a steady stream of wheat and flour moving across the sea. We found ourselves at the beginning of the harvest year with an unusually short crop. Even the most optimistic statisticians figured that we had a bare surplus of 20,000,000 bushels. And yet Europe was facing the probability of a bread famine—and in Europe bread is by far the most important article in the diet.

All of this surplus had left the country early in the fall. By the first of the year we had managed to ship a little more than 50,000,000 bushels by practicing the utmost economy at home—by wheatless days, wheatless meals, heavy substitution of other cereals and by sacrifice at almost every meal throughout the country.

In January the late Lord Rhonda, then British Food Controller, cabled that only if we sent an additional 75,000,000 bushels before July 1 could he take the responsibility of assuring his people that they would be fed.

The response of the American people was 85,000,000 bushels safely delivered overseas between January 1 and July 1. Out of a harvest which gave us only 20,000,000 bushels surplus we actually shipped 141,000,000 bushels.

Thus did America fulfill her pledge that the Allied bread ration could be maintained, and already the American people are demonstrating that, with an awakened war conscience, last year's figures will be bettered.

Our exports since... is country + entered the war have justified a + statement made by the Food Ad + ministration shortly after its con + ception, outlining the principles + and policies that would govern + the solution of this country's + food problems.
+ "The whole foundation of de + mocracy," declared the Food Ad + ministration, "lies in the indi + vidual initiative of its people + and their willingness to serve the + interests of the nation with com + plete self effacement in the time + of emergency. Democracy can + yield to discipline, and we can + solve this food problem for our + own people and for the Allies in + this way. To have done so will + have been a greater service than + our immediate objective, for we + have demonstrated the rightfulness of our faith and our ability + to defend ourselves without be + ing Prussianized."

Sending to Europe 141,000,000 bushels of wheat from a surplus of apparently nothing was the outstanding exploit of the American food army in the critical year of the war.

GREATEST OPPORTUNITY WOMEN EVER HAD.

It was given to the women of this country to perform the greatest service in the winning of the war vouchsafed to any women in the history of the wars of the world—to feed the warriors and the war sufferers. By the arts of peace, the practice of simple, homely virtues the womanhood of a whole nation served humanity in its profoundest struggle for peace and freedom.

First Call to Food Army.
This co-operation and service I ask of all in full confidence that America will render more for flag and freedom than king or ridden people surrender at compulsion.—Herbert Hoover, August 10, 1917.

A year ago voluntary food control was a daring adventure in democracy; during the year an established proof of democratic efficiency.

Vivian Powers of the S. A. T. C. at Norman, was a Normal visitor last Wednesday.

About seventy-five of the S. A. T. C. boys were entertained in the homes of the citizens on Thanksgiving day.

Cora Coleman, president of the Y. W. C. A. has been absent from school the past week on account of illness. At the present writing she is reported better.

The seniors of the Normal will hold a class party in the library this evening.

The Home Economic club met yesterday afternoon at 4. The hostesses for the afternoon were Armeila Gray and Gladys Crawford. The general subject for the afternoon was "France."

Mr. Sears gave a very interesting talk on "France's Contribution to Civilization." This was followed by a paper, "The Characteristics of the French People" by Maud Steward. Miss Purvise spoke on "The Home of Our Little French

Girl," which closed the regular program. A letter was read from Mrs. Crockett, state chairman of the fatherless children of France, in which she sent to the club the name of the fatherless child which they have adopted, and also her home address—Henriette Lamothie, les Pientures, Gironde, France.

A general school social will be given in the Normal auditorium on Monday evening, December 2nd, for the faculty and students of the school. This is given complimentary to the S. A. T. PERSHING DESIGNATES THE MEN WHO WILL BE RETURNED FIRST.

(By the Associated Press)

WASHINGTON, Nov. 30.—General Pershing has designated for early return to the United States a total of 3,451 officers and 79,663 men, General March announced today. The units comprising these men will be published later.

General March made a public amendment to the casualties up to November 26, received from General Pershing, as follows: Killed in action 28,363; died of wounds, 12,101; died of disease 16,034; died from other causes 1,980; missing in action 14,290; wounded 189,995. Figures on prisoners in Pershing's cable were unintelligible.

To date over 46,000 men have been mustered out of camps at home. The war department program calls for the release of 1,000 men daily from each camp when the schedule is working.

FIGURES ON THIS YEAR'S COTTON CROP

Of the 8,681,005 bales of cotton ginned in the United States prior to November 14, Oklahoma produced 435,307 against 700,636 at the same date of last year. This indicates a crop of not much over 500,000 possibly 600,000 at the outside, against a total of 955,342 last year.

Cotton consumed in the United States during the month of October, 1918, amounted to 440,833 bales. Cotton on hand in consuming establishments on October 31 was 1,497,195 bales, and in public storage and at compresses 3,939,936 bales. The number of active cotton spindles for the month was 32,760,623. The total imports for the month of October, 1918, were 4,278 bales, and the exports of domestic cotton, including lint, were 383,995 bales.

The world's production of commercial cotton exclusive of lint, grown in 1917, as compiled from published reports, documents and correspondence, was approximately 17,410,000 bales of 500 pounds net; while the consumption of cotton (exclusive of lint in the United States) for the year ending July 31, 1918, was approximately 17,701,000 bales of 500 pounds net. The total number of producing cotton spindles both active and idle is about 150,000,000.

TESTIMONIAL FROM KING GEORGE V.

Mrs. W. L. Reed is in receipt of a souvenir from her son Gilbert, now in England, in the form of a letter of greeting to American soldiers in the fac-simile writing of King George, surmounted by the royal arms. The message reads thus:

"Soldiers of the United States, the people of the British Isles welcome you on your way to take your stand beside the armies of many nations now fighting in the Old World the greatest battle for human freedom. "The Allies will gain new heart and spirit in your company. I wish I could shake the hand of each one of you and bid you Godspeed on your mission."

"GEORGE, R. I."

A WORK OF ART ON DISPLAY AT NEWS OFFICE

Capt. S. H. Hargis left with the News office a real work of art executed by himself many years ago in competition for a prize offered by the management of the St. Louis World's Fair for the best design for an official seal for the exposition. Out of several hundred competitors his work was rated second.

He now terms it the constellation of states united by their national colors, red, white and blue, enclosing the banners of other nations within the arms of a world's democracy.

Correction.

In Friday's issue of the News it was stated that Sergeant Adam C. Peters who is missing in France, was the son of Mrs. Johnnie Peters. It should have been stated that he was her husband.

Sergeant Peters joined the national guards in 1916 and served on the border for eight months. He also served in the Spanish war and in the Philippines. He had lived at Ada for the past twelve years, and not at Okman as stated by the informant of the News.

Our City's Greatest Struggle

With the advent of peace America faced a commercial problem almost as great as the military crisis of a year ago. Readjustment of conditions will cause a scramble among the business interests of our country, and that city or town which is up and doing FIRST, fighting for all there is in the game, will win the most.

Ada To the Front

Our own city must go to the battle front; must fight as valiantly as did our fellows "Over There." Our Chamber of Commerce—YOUR Chamber of Commerce—has planned a membership campaign that will fill the treasury of the Club and give its directors the necessary reserves with which to operate.

December 9, 10 and 11

—These three days have been set aside for strengthening our commercial organization, and raising \$6,000 with which to operate during 1919. Decide NOW, what you will do, and then raise your own "ante."

Remember only those families who are represented in the Chamber of Commerce are eligible to compete in the Slogan Contest, with a \$40.00 Set of Cut Glass, given by our HOME GLASS FACTORY, as a premium for the best slogan. Get yourself on the list of eligibles.
